On January 30, 2023, at approximately 2232 hours I was in a full departmental CHP uniform driving a fully marked CHP patrol vehicle with Officer C. Wells (ID #22178). I was driving on I-580 eastbound just east of Hacienda Drive when I observed a White Chevrolet Silverado (s/v) in the #1 lane driving at a high rate of speed and weaving in the lane. I positioned my patrol vehicle behind the s/v and obtained a pace of 90 miles per hour. The s/v deviated from the #1 lane and drove over the broken white line into the #2 lane two times. The s/v accelerated to 95 miles per hour and continued to weave. I turned on my patrol vehicle's red and blue emergency lights to conduct an enforcement stop: The s/v yielded on the I-580 eastbound offramp to SR-84. I contacted the driver of the s/v, informed him my reason for the stop and asked for his driver's license. The driver gave me a California Driver License that identified the driver as Timothy Lee Thomas. (B6384630/ CA). I smelled the odor of an alcoholic beverage emitting from the s/v. I attempted to conduct a cursory check of Thomas' eyes but he failed to follow my finger when instructed to. I instructed Thomas to exited his vehicle and walk to the right side of my patrol vehicle. At the patrol vehicle, I conducted a cursory check of Thomas' eyes and observed nystagmus. I asked Thomas as eries of Pre-Field Sobriety Test questions. Thomas related to me he was driving to Tracy, from Oakland. Thomas related he did not consume any alcohol today. During my Interview I smelled the moderate amount of odor of an alcoholic beverage emitting from Thomas' breath and person. Thomas displayed several signs of impairment. I explained and demonstrated. Based on my observations of Thomas' breath and person. Thomas did not perform the FSTs as explained and demonstrated. Based on my observations of Thomas' driving, and his objective signs of impairment, I arrested Thomas for 23152(a)VC - driving under the influence of alcohol. I advised Thomas of the chemical test advisement and asked if h
